Knowing by the Metropolitan
Museum of Art - New York, that
you can be interested, I am
glad to offer you a gold coin
from the Himalaya (India).
It comes from the 2nd century,
so it has 18 centuries.
It was recognized in the
British Museum in London
on August 1930 by Mr. Reginald
Phillips Esq..
Please answer me if you want
to purchase it.

Yours truly
Amelia C. de Phillips

Dear Madam:

Your letter at hand concerning a gold coin from India. If you can give us a drawing or rubbing of this coin and what you wish to sell it for we can then tell you whether or not we would be interested.

Very truly yours,

Dear Madam:

Your letter of October 23rd just at hand and I am sorry to say that we do not care for your Kushan coin. As a matter of fact it is not rare and judging from the rubbing we should think your piece has been pounded up on the edge which would take away any value it might have. Thanking you for calling our attention to this piece, we remain

Very truly yours,
